

About Skiperformance

Skiperformance

Skiperformance AS is a team of european professionals with more than 15 years of experience from the internet industry within the skiing and tourism sector. The team have a proven european footprint within internet development, concept and sales.

Based in Italy and Norway. Specializing in aggregating customer data and selling resort tickets. Also including B2B distribution.

Products are developed around the vision of letting the ski resorts know and learn about their customers and interact with them to sell more and to attract new skiers to the resort.

We are here to help resorts and skilift companies to:

- Increase online sales and customer interaction
- More targeted customer dialog
- Sell additional products to targeted markets
- Take control and ownership of customer data
- More efficient and cost effective marketing
- More efficient and cost effective distribution
- Get new customers

- in • Increase loyalty for their customers
- f • Give better service to the customers
